

# Assignment 1

## Due: 6:00PM 9/1/2023

For this assignment you must read the PHY 277 course syllabus and the document entitled “PHY277 Policy on Software Plagiarism and Academic Integrity” posted on the PHY277 Brightspace site. Once you have read these documents you may contact the Instructor if you have any questions about this policy.

To complete the assignment you will enter a text submission into Brightspace in response to the Assignment 1 link on Brightspace stating the following:

*“I have carefully read and understand the PHY 277 Course Syllabus and the document entitled PHY277 Policy on Software Plagiarism and Academic Integrity. I understand this policy and I agree to abide by this policy”.*

Once you have submitted this exact statement into Brightspace and clicked the appropriate submit buttons, Assignment 1 is then complete. If you have completed this assignment to my satisfaction you will receive a grade of 100 for this assignment (you will see this score posted on Brightspace). If the assignment has not been completed to my satisfaction I will notify you via email and you will be provided with an opportunity to correct any deficiencies in your submission.

Note that any programming assignment that is submitted before Assignment 1 has been completed to the instructor's satisfaction will receive a grade of zero. There will be no exceptions to this policy.
